Chief Executive Officer

Founded in (year)

Staff

Production facilities

 lab scale pilot plant production (please tick)**Main Business Activities**

(Please, tick appropriate boxes)

- | | |
|---|---|
| <input type="checkbox"/> Polymer Materials
thermoplastics, thermosets, elastomers,
specialty polymers, functional polymers,
biopolymers | <input type="checkbox"/> Catalysts
homogeneous catalysts, heterogeneous
catalysts, biocatalysts |
| <input type="checkbox"/> Polymer Applications
additives, dispersions, compounds,
surface coatings | <input type="checkbox"/> Industrial Biotech
enzymes, fermentation, biopolymers,
biomass |
| <input type="checkbox"/> Inorganic Materials | <input type="checkbox"/> Surface Technologies |
| <input type="checkbox"/> Inorganic Applications
additives, dispersions, compounds,
surface coatings | <input type="checkbox"/> Process Engineering |
| <input type="checkbox"/> Nanoparticles
nanostructured materials, nanotubes,
coated nanoparticles, dendrimers,
nanowires | <input type="checkbox"/> Materials Testing/Analytics |
| <input type="checkbox"/> Fine/Speciality Chemicals | <input type="checkbox"/> Contract R&D |
| | <input type="checkbox"/> Materials Combinations
knowledge based multifunctional and
hybrid materials, composites |

Key Technologies/ Products**Statistics**

Statistical data will be kept strictly confidential and used for statistical purposes only

Revenues*

 <0,5 0,5 - 5 5 - 10 >10 (*in million EUR)
